

1. Institution

Anne-Frank-School (for learning disabled)

2. Name and duration of the sub-project:

school enterprise FLASH and advice centre school-profession
01.07.05 – 31.12.07

3. Target-group

a) general information:

- size of the group: 120 students from 5 classes of the 8. and 9. grade and in the final year
- range of ages: from 14 to 18 years

b) background:

- students, who have learning difficulties and need special support
- students, who show developmental disturbances
- possible reasons: problems of perception and concentration, grave social and emotional problems in the family, low-educated parents (growing up without support)
- voluntary participation

4. Objectives

- open new personal perspectives for the future to students
- open new possibilities to work out educational and vocational perspectives
- support and stabilize personal development
- strengthen abilities and find out personal strengths, so that students can actively work on their own situation
- pre-vocational qualification and coaching in the transition from school to profession (aptitude assessments, etc.)

5. Project description / activities

The school enterprise gives students the possibility for vocational orientation and life-practical learning in different fields.

- Practical fields: carpenter, domestic science, nutrition and service, school-shop, etc.
- Life-practical aspects: handling money (buying and selling), PC Training, soft skills
- long-term support by social worker

The individual learning process is supported by a special application-training (job interviews, writing applications, etc). A social worker is contact person for all questions of vocational orientation, acquisition of placements, coaching, after care, etc. Placements and visits to enterprises are organized.
