

### 1. Institution

BBZ (vocational training centre) of the chamber of trades

### 2. Name and duration of the sub-project:

01.07.05 – 31.12.07

competence assessment for schools

### 3. Target-group

a) general information:

- size of the group: approx. 45 participants in each round
- range of ages: from 14 to 17
- average age: varies according to participants
- number of male/female participants: varies

b) background:

- aptitude assessment for disadvantaged school students
- offer for students from the DP PeB partner-schools: Anne-Frank (school for learning disabled), St. Ansgar (school for educational support), Geschwister-Scholl (secondary education), lower secondary school Alter Markt
- voluntary participation

### 4. Objectives

- intense support in the process of vocational orientation
- analysis of own abilities, competences and aptitude
- raise awareness for an individually realistic selection of a career
- prevent wrong decisions that lead to breaking off of vocational training
- raise motivation for a successful school education

### 5. Project description / activities

- one week of practical oriented competence assessment
- several rounds during school holidays (from autumn 2005 until autumn 2007)
- practical/professional parts take place in the workshops of the BBZ, e.g. in the fields of sale, painting, wood and hairdressing
- all group- and individual tasks are carried out under observation
- feedback conversation with observers and assessment reports for students, that show the momentary personal, social and professional competences
